

# Asbestos Regulatory Seminar

*Environmental Health & Safety*

**This is a free seminar dedicated to educating the regulated community and citizens of Maricopa County.**

Arizona State University, the Environmental Information Association and the Del E. Webb School of Construction present these seminars to educate the ASU community, local businesses and the general public on asbestos regulations and awareness. ASU is hosting a public asbestos awareness project that will consist of free educational seminars underscoring the importance of complying with the environmental laws and regulations pertaining to asbestos-containing building materials.

Each seminar will present technical information regarding regulatory compliance issues through a series of 4-hour identical seminars. The seminars will be held at the following locations/dates:

**Tempe Campus Memorial Union - Arizona Ballroom – January 14, 2009 – 8am – 12pm**  
**Downtown Campus MERCC C340/C350 – January 26, 2009 – 8am – 12pm**  
**West Campus, Memorial Union- La Sala C – February 18, 2009 – 8am – 12pm**  
**Arizona Research Park 1408 – March 30, 2009 – 8am – 12pm**

In order to provide the best information possible regarding asbestos awareness, each seminar will be presented by local asbestos experts and regulators. Parking and Refreshments will be provided.

**For registration or more information, please contact  
Jennifer Stipe at [Jennifer.stipe@yahoo.com](mailto:Jennifer.stipe@yahoo.com)  
or Julie Vo at [Julie.Vo@asu.edu](mailto:Julie.Vo@asu.edu) or at (480) 965-7513**

Arizona State University's participation in this Supplemental Environmental Project is part of a settlement of alleged air quality violations with the Maricopa County Air Quality Department.
